JOB EXPERIENCE

WordPress Developer
Jaerltrics Global Solution
2019-2023

- I did mockups as well as created websites from scratch using various programming languages and frameworks, as well as maintain e-commerce websites by adding products, updating content, and changing branding colors and logos.

Assistant Programmer
Provincial Capitol of Davao del Norte
2017-2019

- We created websites using the framework for projects that were provided to us for use in various departments, and we also maintain websites.
